ACHIEVEMENTS

- Kaizen Award Winner for successfully reducing fabric waste and improving manpower efficiency in the cutting section.
- Successfully reduced fabric wastage by optimizing CAD marker planning, increasing fabric utilization and cost efficiency.

LANGUAGES

- Bangla: Native
- English: Professional Working Proficiency

PROFILE INFO

Process optimization and planning professional with 4+ years of experience at Epyllion Group, backed by a Bachelor of Science in Industrial & Production Engineering. Proficient in CAD software, workflow analysis, and cross-functional coordination. Looking to transition to supply chain management, leveraging analytical thinking, organizational skill, and solid process improvement experience to drive operating efficiency and offer strategic contribution.

EXPERIENCE

EXECUTIVE, CAD SECTION EPYLLION GROUP

2022 - Current

- Led fabric cutting strategy using CAD tools to maximize material utilization.
- Oversaw marker layout and helped streamline operations for improved output.

ASSISTANT EXECUTIVE, CAD SECTION EPYLLION GROUP

2021 - 2022

- Developed cutting markers and assisted in fabric planning based on order requirements.
- Worked closely with teams to ensure efficient use of resources and minimize losses.

MANAGEMENT TRAINEE, CAD EPYLLION GROUP

2018 - 2020

- Received training in marker making, planning, and CAD systems.
- Participated in production meetings and gained operational insights into cutting workflows.

TECHNICAL &

PROFESSIONAL SKILLS

- **Management Skills:** Team Coordination, Workflow Management, Cross-functional Collaboration, Planning & Scheduling.
- **Garment Industry Expertise:** Fabric Cutting Planning, CAD Marker Making, Production Efficiency.
- **Tools & Platforms:** Git, GitHub, VS Code, Chrome DevTools
- **Programming & Development:** JavaScript (ES6+), React.js, Firebase, Responsive Web Design
